Work Experience

MOTEX AI - Intern

July 2025 - Present (4 months)

Harvard spin-off, part of the founding team.

ENTEL - Software Engineer Intern

April 2025 - July 2025 (4 months)

Chile - Micro internship, joined through “Sin Límites program”, developed an internal AI tool to streamline report writing and extract key insights from private consultancy sources.

PONTIFICIA UNIVERSIDAD CATÓLICA DE CHILE - Teaching Assistant

March 2025 - July 2025 (5 months)

Chile - Software Systems Architecture - IIC2173 (2025-1)

SIERRA-AT-TAHOE RESORT - Ski Instructor

December 2023 - March 2024 (4 months)

California, United States - Ski instructor - J1 Visa. Taught over 100 first-time skiers.

CAI - CENTRO DE ALUMNOS DE INGENIERÍA UC - Secretary General - Student Council

December 2022 - December 2023 (1 year 1 month)

Chile - Served as Secretary General of the Engineering Student Council at Pontificia Universidad Católica de Chile in 2023, leading student representation initiatives and managing activities for over 5,000 students in the school.

PREUNIVERSITARIO PARÁBOLA - Teacher

January 2022 - December 2022 (1 year)

Chile - Worked as a mathematics instructor at the Parábola pre-university program, the equivalent of SAT preparation in the U.S, delivering weekly classes and contributing to the development of study materials.

Research Experience

CENTRO NACIONAL DE INTELIGENCIA ARTIFICIAL - Research Assistant

May 2025 - September 2025 (5 months)

Supervised by PhD Marcelo Mendoza, collaborated on MSc Martín Bórquez's thesis research on bias detection in job ads using NLP techniques.

Education

EPFL - Visiting Student – Master's Program, Computer Science

2025 - 2026

STANFORD CONTINUING STUDIES - CS | AI & Business

2025 - 2025

PONTIFICIA UNIVERSIDAD CATÓLICA DE CHILE - Bachelor of Engineering - BE

2021 - 2026

EF INTERNATIONAL LANGUAGE CENTERS - Highschool Exchange, Learning English

December 2018 - March 2019

Volunteering

TRABAJOS DE INVIERNO - Volunteer

2022

Volunteered for Trabajos de Invierno in its 2022 edition, an Engineering initiative dedicated to building tools to help overcome poverty for families in the Araucanía region. In particular, I contributed by constructing a pigpen and a water tower in Teodoro Schmidt.

HEAD OF FINANCE LEPP UC - Volunteer

2022

In 2022, I was responsible for Finance at the young initiative “Laboratorio Estudiantil de Políticas Públicas UC”, managing expenses and representing the initiative during the university's fund allocation and reporting processes.

INGENIERÍA PARA CHILE - Volunteer

2021-2022

I was part of the Ingeniería Para Chile team, working particularly in the Maker Commission, which focuses on finding engineering solutions to real-world problems faced by students and society. Specifically, we worked on enhancing the efficiency of heating networks in socioeconomically vulnerable homes and initiated a project to restore unused microwaves within the Student Council.

CAI COMMITTEES - Volunteer

2021-2022

During my early years at the university, I participated in the committees of the Engineering Students' Council, primarily in the Public Role Commission, developing projects in collaboration with the School and other initiatives.

Awards and Achievements

- **People's Choice Winner** - Platanus Ventures Hackathon 2024
 - **The Bridge @ UC** - Scholarship
 - **Puntaje Nacional Matemáticas**
 - **#3 BCG Challenge Chile** 2025
-

Languages

- **Español** (Native or Bilingual)
- **Inglés** (Full Professional)
